08. USER ENGAGEMENT

LAPTOPS FOR TRAINING

Nowadays, training is an integral part of every company's development as well as recruitment plan. Training for employees is conducted by the company to make them well equipped to handle the enhancement or deliver the desired result.

Hire Laptops services not only let you cut the cost of buying new systems for training but also provide the company with a wide range of customised laptops, tablets with Windows as well as iOS. We offer short-term and long-term laptop, desktop and tablet rental packages for businesses as well as individuals.

CLASSROOM SETUP

IT Hire plays a vital role in education especially schools, colleges and universities for Classroom Set up. Government cutbacks have made funding for school equipment harder than ever.

A lot of the time, this means schools and educational institutes cannot keep up with the needs of advancing technology and tends to leave you in the situation of having to cope with older, outdated systems. Saving costs on IT equipment allows these institutions the budget to invest in other areas.

09. USER ENGAGEMENT

LAPTOPS FOR CORPORATE BUSINESSES

For business purposes, our laptops come with a variety of in-built business features. Some of our units have built in Webcams and Skype for video calling and conducting meetings on an international scale. We also have laptops with Remote Desktop Software which enables clients and colleagues to access their own network, regardless of their location.

Laptops play a vital role for any business. It is a great choice for staff who work away from home, take business trips, or are working within temporary office premises. Our laptops are portable and come with fully installed software for maximum efficiency.

LAPTOPS FOR EXHIBITIONS & LIVE EVENTS

Whether you are an exhibitor or a show management company, creating a successful exhibit at these events is a triumph of diligent planning. So, whenever you participate in a trade show, the main objective is to impress and lure visitors to your stand.

We offer suitable options with the right technology to make your trade show a huge success. From laptops, MacBook's, iPads and touch-screen interfaces, we can provide all the equipment that will leave a lasting impression on your visitors and eager to know more about your products/services.
